

Workshop E2S UPPA/Sichuan University

24 au 27 juillet 2019, à Pau (France)

Du 24 juillet 2019 au 26 juillet 2019

"Functional systems toward Energy Applications"

In the framework of the international agreement between SCU & E2S-UPPA and the State Key Laboratory on Polymer Materials Engineering, SKLPME & IPREM, to establish strong interactions during

5 half-day sessions hosted by IPREM and dedicated to:

- * **Rheology & Adhesion**
- * **Polymer processing & Nanocomposites**
- * **Bi-sourced polymeric systems**
- * **Analytical Chemistry**
- * **Materials for Energy Conversion & Storage**
- * **Complex systems for Oil Recovery**

With organized visits of Henri IV castle (Pau), Jurançon winery cave and visit of Biarritz/St Jean de Luz (Atlantic Ocean coast)

Registration fee (VAT included) for:

- * PhDs and Postdocs : 50 euros
- * Academic staff and researchers: 100 euros

Oral & Poster submission

Laurent Billon

Organization committee

Pr. Laurent BILLON (E2S / UPPA)

Pr. Yujun FENG (SCU)

Dr. Laia FRANCESH (E2S / UPPA)

Virginie PELLERIN (E2S / UPPA)

Pr. Hesheng XIA (SCU)
